Enthusiastic Information Technology student based in Mumbai, currently pursuing a Bachelor's degree at Thadomal Shahani Engineering College. I am eager to apply my academic knowledge and passion for learning in a challenging fulltime role.

## EDUCATION

### Thadomal Shahani Engineering College

Bachelor of Engineering in Information Technology (avg CGPA - 8.5/10)

Bandra, Mumbai

2021-2025 (Expected)

### Annasaheb Vartak College

Higher Secondary Certificate (H.S.C) - Science (Percentage - 95.33)

Vasai, Vasai

2019 - 2021

## EXPERIENCE

### Talent Corner

Web Developer Intern (Nextjs)

February 2024 - May 2024

hybrid

- Led the development of a **Task manager app from scratch using Next.js** to enhance communication, optimize workflow, and provide personal dashboards for performance tracking and boosting productivity **for over 250 employees at Talent Corner**. Implemented **automated email alerts** using Mailtrap and cron jobs

### LyfGuard

Web Developer Intern (MERN)

July 2024 - September 2024

remote

- Contributed to the development of the LyfGuard website, a **SaaS startup, using the MERN stack**. Created **interfaces for multiple admin roles** including Superadmin, Hospital Admin, Branch Admin, Customer Support Admin, and Private Ambulance Admin, ensuring efficient **role-based access** and functionality.

## PROJECTS

### Real-Estate | React, Nodejs, Expressjs and MongoDB

November 2023

- Live - [Real Estate](#) Source Code- [Github](#)
- Seamlessly integrated **MongoDB, Express.js, React, and Node.js** to create a feature-rich platform for **efficient real estate management**. Facilitated robust **JWT authentication** and strengthened **user credential security** by implementing bcrypt to hash passwords, ensuring compliance with industry standards.

### PdfBuddy | Python, Langchain, Gemini Pro LLM, Streamlit

September 2024

- Live - [ChatwPdfs](#) Source Code- [Github](#)
- Developed a comprehensive **Chat with PDFs web application**, incorporating features such as **uploading single or multiple pdfs and querying information about the pdfs uploaded**. Seamlessly integrating Gemini Pro LLM's API key using Langchain and Streamlit as the frontend .

## SKILLS

**Frontend:** HTML, CSS, Javascript, React, Nextjs, TailwindCSS, Multiple Js Libraries

**Backend:** Nodejs, Expressjs, MongoDB, Mongoose, prisma, MySQL, Docker

**Relevant Coursework:** OOPS, DSA, DBMS, Computer Networking, OS

**Languages:** Javascript, C++

**Softskills:** Leadership, Problem Solver, Communication, Flexitble, Communication

## ADDITIONAL ACTIVITIES

### Competitive Programming

Active participation in 50+ contests across competitive programming platforms such as LeetCode, CodeChef, and Codeforces and resolving 500+ diverse problems, demonstrating consistent engagement and competitive excellence.
